Subject: FW: Wilcox TO 128 - Sampling and Analysis Plan
Date: Monday, May 02, 2016 2:18:00 PM

Please see the login information below.

I suggest we that we take the time between now and May 13 to get familiar with the document. On May 13, let's have a call that will provide us the opportunity to discuss the document and the plan details. After we talk, then we can evaluate the report with greater detail.

Please let me know if May 13 is not good for a call. Since we are taking this intermediate step, I want to get it done next week and not push in out further. If May 12 is better then let's shoot for May 12.

Once we have a revised document, it will be provided to all for final review and also to the tribes and trustees for review.

Subject: Wilcox TO 128 - Sampling and Analysis Plan

Katina,

The Sampling & Analysis Plan for the Wilcox Oil Company Superfund Site RI/FS has been uploaded to EA's SharePoint site.

When you log into the SharePoint site, the Wilcox Oil library will be listed at the bottom of the left side bar or you can go directly to the library at
<http://epa6rac.eaest.com/Wilcox%20Oil/Forms/AllItems.aspx>

Your user ID and password:

User ID = (b) (6)
 Password (b) (6)

As requested by Mr. Todd Downham, EA is also shipping one hard copy and one electronic copy on CD to ODEQ.

If you have any questions please let me know.

Thanks,

Teri McMillan, PG
